

## Lock Your Liquor Stickers

These stickers were developed to give parents and caregivers an additional resource to discourage underage drinking and prevent easy youth access to alcohol in the home. Securing or locking your alcohol helps keep youth you know safe. Using these stickers will also provide “an out” for youth—if your child is being pressured to get alcohol to share, they will not be able to.

### To use the sticker:

1. Complete an alcohol inventory for your home
  - a. Determine what alcohol and how much alcohol is in your home
2. Choose a liquor bottle you would like to secure and peel sticker off paper backing
3. Place ends of sticker on either side of liquor bottleneck, with the middle of the sticker wrapping over the top of the cap
4. Record date sticker was applied in designated place on sticker
5. Store alcohol and remaining stickers in safe locations where youth cannot access them
  - a. Remember to store remaining stickers in a separate location away from alcohol
6. Routinely monitor the alcohol in your home and update your alcohol inventory as needed

Thank you for helping prevent underage drinking and doing your part to keep Franklin youth safe!
